

There are several ways to navigate the Legislative Counsel Bureau (LCB) website to track the progress of bills affecting the Division of Mortgage Lending. Following is one method:

Login to the website at: <http://leg.state.nv.us/bills/bills.cfm>. This is the main page for bill tracking. From this point you can search for introduced bills by:

1. Clicking on the Bill Information link.
2. Select NRS Chapters Proposed to be Amended by Addition; or NRS Sections Proposed to be Amended or Repealed.
3. Scroll down the list to find 645A, 645B or 645E.
4. Click on the AB or SB number to view the text of the bill.
5. This page also allows you to track the progress of the bill by viewing upcoming hearings, past hearings, amendments to the bill and the entire bill history. This page also shows the committee to which the bill is assigned.

Many committee meetings are available for viewing on the internet. You must have Windows Media Player installed to view/listen to the meetings.

1. Click on Committee Information
2. Click on Live Meetings
3. Find the Committee name hearing the Bill you are interested in
4. Select your internet speed
5. Media Player will open and you can view the meeting
